MEMORANDUM FOR: Project Director

SUBJECT : The Attached Cable

1. On Friday I instructed Lundahl, pursuant to General Cabell's instruction, that he should return the graphics promptly because of need for high level briefings herein order to avoid the very thing which [REDACTED] proposes in the attached cable. General Cabell was concerned that this trip not grow and grow all out of proportion as had characterized the aborted European tour which was under discussion last week. 25X1A

2. Because of the foregoing, I recommend that you discuss this with General Cabell.

25X1A 3. My personal view is that I can see nothing wrong with [REDACTED] proposal inasmuch as all of these materials will in due course be available to all of those listed. Of course, one can object that we don't show this much stuff to our European Theatre Commanders, but then I didn't agree with the decision to cancel the tour to brief those commanders.
